

iPAAC
INNOVATIVE PARTNERSHIP
FOR ACTION AGAINST CANCER

iPAAC WP5: *Cancer prevention*

Satu Lipponen

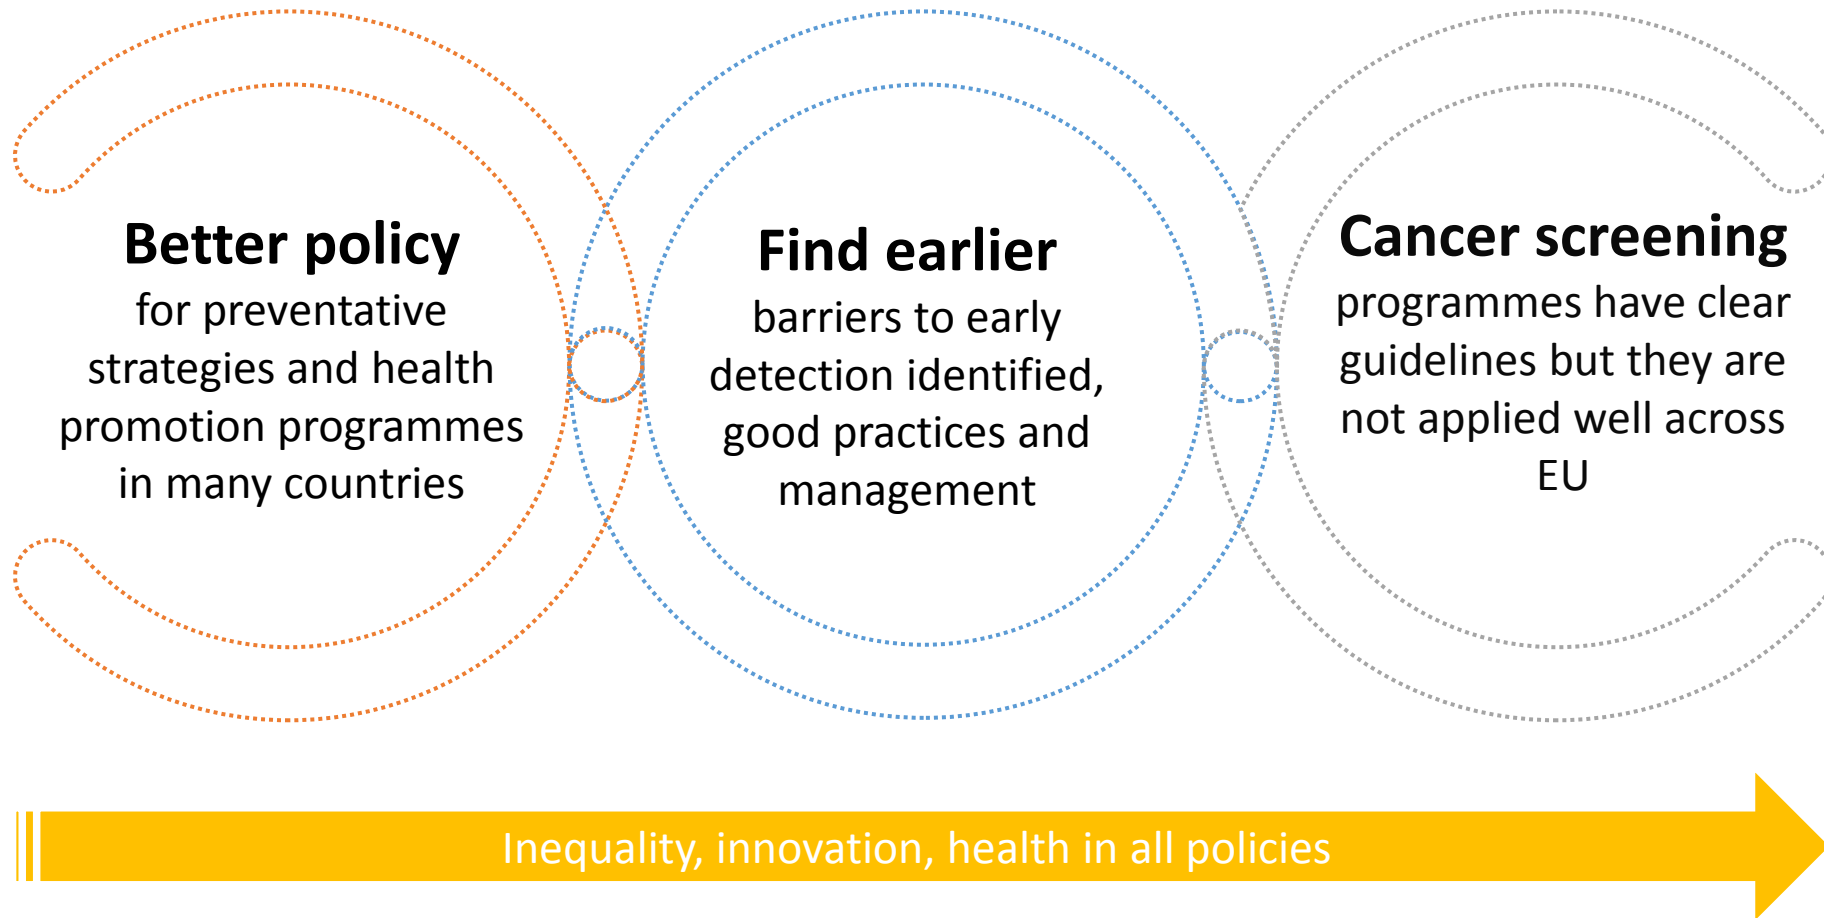

Director, strategy and foresight

@Lipponen5, satu.lipponen@cancer.fi

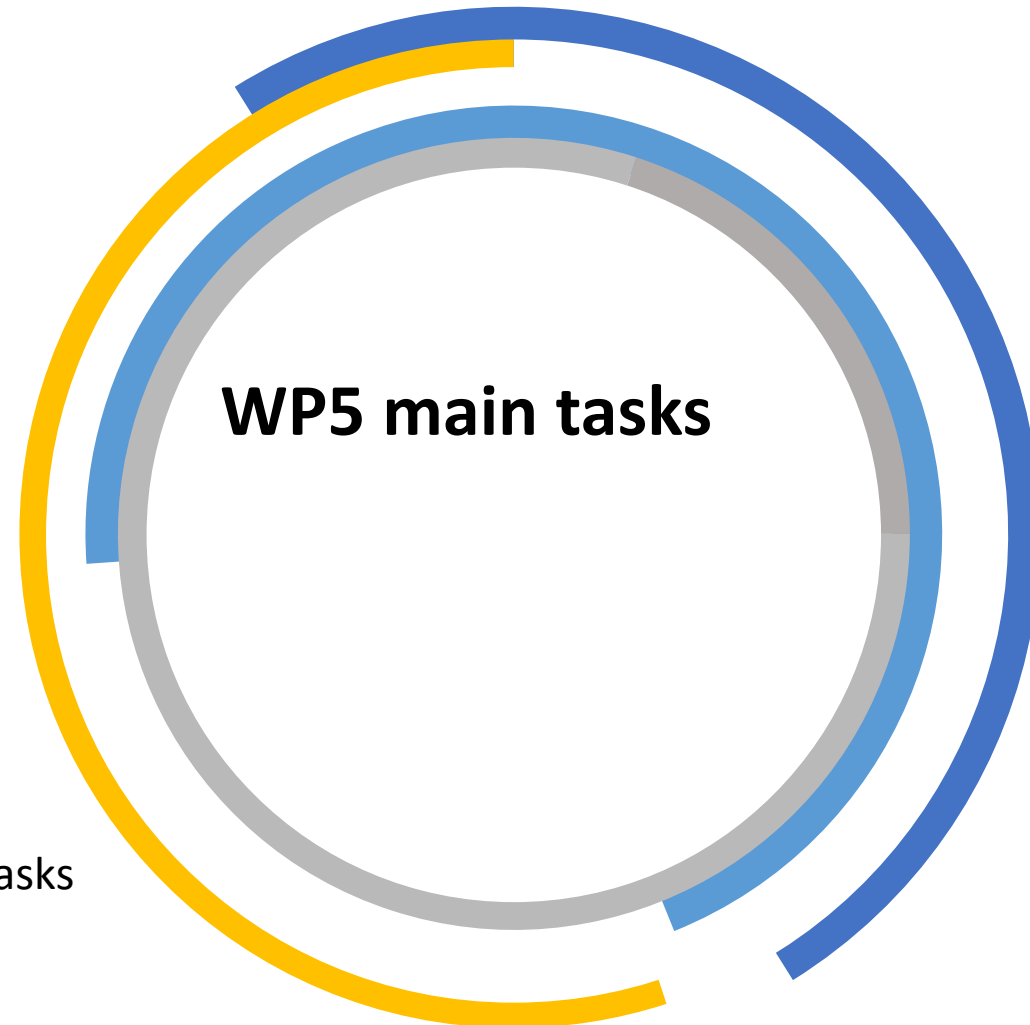

Co-funded by
the Health Programme
of the European Union

BACKGROUND FOR THIS WORK PACKAGE

- 1** Strategies for early detection of cancer
 - 2** Effective solutions for population-based screening programmes
 - 3** Cancer prevention & health promotion: implementation of the European Code Against Cancer
- Inequality a **cross-cutting** theme integrated in above mentioned tasks

HOW THE WP WILL WORK

1

Strategies for early detection of cancer

- Survey on attitudes that are barriers to early detection (4-6 countries)
- Analysis of identifying good practices in early detection and management, health literacy
- Thematic conference in May 2019
- Report from the conference November 2019. executive summary, available online with background material
- Exploring and problem solving working mode

HOW THE WP WILL WORK

2

Population-based screening programmes

- Guidelines and recommendations already exist
- Implementation to national policies
- Further documentation of quality criteria in cancer screening for policy-makers in easy to share infographic form
- Innovations and stratified screening: balance of benefits and harms & the best use of resources
- Thematic conference and report 7/ 2019 – 2/2020

HOW THE WP WILL WORK

3

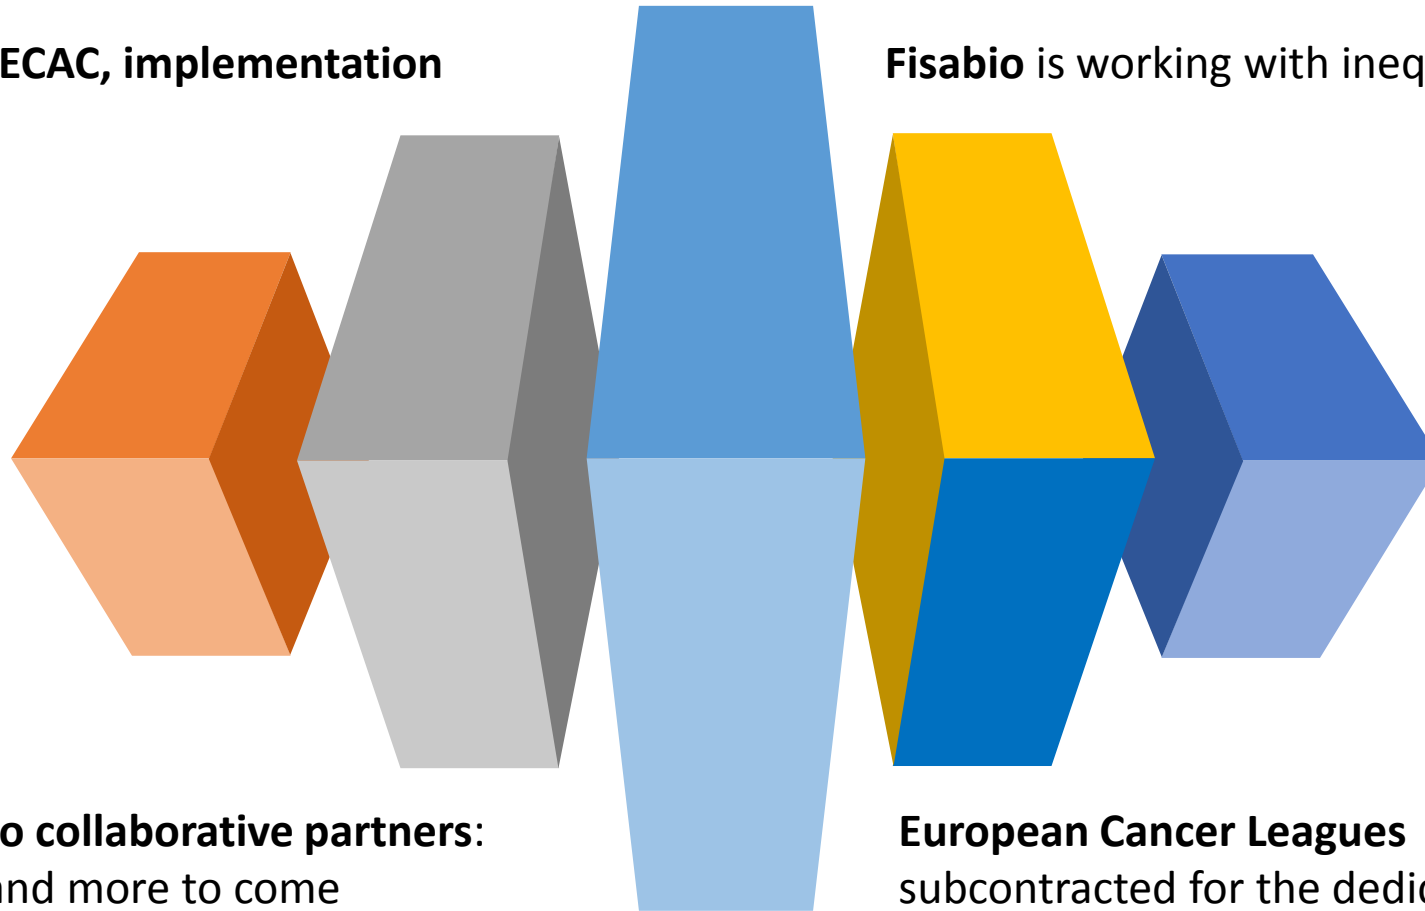

Implementation of the European Code Against Cancer

- How European Code Against Cancer can be better endorsed in Member States?
- Examining future needs for sustainable implementation of the ECAC
- IARC subcontracted
- How cancer risks are dealt on national level?
- Policy perspective: health in all policies
- Thematic conference 05/2020, report 11/ 2020

BROAD COLLABORATION NETWORK: 23 PARTNERS

IARC, ECAC, implementation

Fisabio is working with inequality

Open to collaborative partners:
EONS and more to come

European Cancer Leagues
subcontracted for the dedicated
conferences for good policy effect

MILESTONES OF THE WP5

Survey on
barriers

M 5.1. Survey on perceptions of attitudes on
European level (4-6 countries) (M 5)

Innovations

M 5.2. Report of innovations, including harms
and benefits from risk-stratified screening (M
18)

ECAC
review

M 5.3. Review of ECAC recommendations,
based on expert groups, focussing on Q&A
layer and general audience (M 27)
